RELIABILITY IN AIR POWER

THREE PHASE INDUSTRIAL SERIES

The Right Answer for Your Compressed Air Needs

- THE RIGHT DESIGN:** The "Three Phase Industrial" Series is Pilot Air's premium cast iron range of air compressors suitable for heavy duty industrial use.
- THE RIGHT RANGE:** There are 7 models available with sizes from 428L/min. to 2311L/min. and working pressures to 1100 KPA. All models are of static configuration.
- THE RIGHT RELIABILITY:** The "Three Phase Industrial" Series has high quality and oversized componentry to give the air compressor longer trouble-free life with less wear and tear.
- THE RIGHT FEATURES:** The "Three Phase Industrial" Series features include T.E.F.C. 415V/50HZ (three phase) motors on all models, with overload protection. Models K25 through K100 are two-stage compressors and offer aftercooler and intercooler design to increase efficiency and provide higher pressure capabilities. All Receivers are DIR 1210-3 approved.
