

Shrinker Stretchers

MSS-14F - Foot Operated

Made in the USA with a steel frame, this foot pedal-controlled machine lets you quickly & comfortably shape thicker sheets.

Recommended for: Any automotive, aeronautical, or metalworking shop that does a lot of shrinking and stretching, particularly on heavier gauges.

- 1.6mm mild steel and 2mm aluminium capacity
- 177mm throat allows you to get deep into a panel
- Comes standard with a set of 4 patented* magnetic jaws, all you need for both shrinking and stretching
- It takes seconds to switch between functions. You only have to turn the jaw tooling around
- Adjustment wheel on top helps you get the jaw gap just right
- Convenient and ergonomic foot pedal operation keeps your hands free
- Solid plate steel construction enables this shrinker stretcher machine to accurately form thick-gauge metal for many years

Includes

- Set of 4 patented* magnetic jaws, all you need for both shrinking and stretching

MODEL	BR-16E-36LT	
ORDER CODE	B8850	
Operation	Type	Foot
Thickness Capacity - Mild Steel	mm	1.6
Thickness Capacity - Aluminium	mm	2
Throat Depth Maximum	mm	177
Working Height	mm	952
Shipping Dim.	cm	76.2 x 81.3 x 165.1
Weight	kg	137
PRICE	ex GST	\$6,190
PRICE	inc GST	\$6,809

NEW RELEASE

MSS-14H - Hydraulic/Pneumatic

Unique on the market, our patented* hydraulic shrinker stretcher lets you shape thick sheet metal at amazing speeds. Foot pedal operation and magnetic tooling also save you time.

Recommended for: Any automotive, aeronautical, or metalworking shop that does a lot of shrinking and stretching, particularly on heavier gauges.

- 2mm mild steel and 2mm aluminium capacity
- Runs on 240-volt single-phase power, so you can use it anywhere
- 152mm throat enables you to work deep into a piece of sheet metal
- Hydraulic/pneumatic system drives 30 to 40 strokes per minute
- Hydraulic down stroke delivers greater power than a manual model could, while the air pressure-assisted upstroke moves faster
- Foot pedal control allows for hands-free operation
- Comes standard with a set of 4 quick-change magnetic jaws
- You can switch between shrinking and stretching in seconds simply by turning the jaws around
- Solid plate steel frame gives adequate structural strength at maximum capacity for many years

Includes

- Set of 4 patented* magnetic jaws, all you need for both shrinking and stretching
