

OIL TRANSFER PUMP

ALL PURPOSE - 20 LITRE (MAOP20)

2 Year
Warranty

*conditions apply

PRODUCT OVERVIEW

The MAOP20 All-Purpose 20L Oil Transfer Pump is designed for dispensing most service fluids including engine, gear, transmission, hydraulic and some engine coolants from 20L - 25L drums.

An extendable suction tube and two additional bung adaptors ensure that the expanding range of different size and types of drums are easily catered for.

Delivery on the down-stroke makes this pump easy to use especially when the drum is low on fluid.

An extra-long clear delivery hose gives easy identification of the fluid type and allows better reach into difficult areas.

FEATURES & BENEFITS

Easy Prime Pump

Delivery on the down stroke for easy operation

Drain-Back Facility

Allows nozzle to be fixed in non-siphoning position to prevent spillage

Anti-Kink Spring

Prevents hose from restricting fluid delivery

1.8m Clear Delivery Hose

Easy identification of fluid type

Additional Bung Adaptors

Compatible with a wider range of drum and thread types

TECHNICAL SPECIFICATIONS

Suitable for use with oils up to SAE140 viscosity, ATF's and RTU engine coolants (not concentrates)

1.8m anti-kink delivery hose & nozzle

Delivery up to 75ml per stroke

Bung adaptors to suit a wide range of 20L drum types

Tube extender to suit different height 20-25L drums

WETTED COMPONENTS

Aluminium

Polypropylene

Mild steel

PVC

Nylon

Polyurethane

PACKAGE INCLUDES

20L Oil drum pump with tube extender

1.8m delivery hose

2 additional bung adaptors
