## Schepach Slik 7.0b Linisher

7-6-18

Please note for packing purposes the oscillating gearbox guard has been removed.

Please find this in cardboard accessories box and ensure it is fitted before commissioning and use of the linisher.

Remove the 2 existing hexagon headed bolts and flat washers out of the side of the gearbox.

Slide on the guard

and refasten with the 2 hexagon headed bolts and flat washers

Ensuring the bolts are done up tight.
