TECHNICAL DATASHEET

ARMOR DRY WIPES

The HAFCO AR70 and AR110 Amor Wipes delivering fast and highly efficient absorbency. Supplied in both box and roll formats, they are engineered for strength, durability, and superior performance. Designed for demanding workshop and industrial environments, these wipes effectively remove dirt, grease, oil, and most adhesives, while remaining soft and flexible for precise cleaning applications.

Features

- Strong and absorbent industrial-grade material
- Suitable for wet or dry applications
- Ideal for wiping, drying, polishing and spill control
- Soft texture for versatile surface cleaning
- Controlled single-sheet dispensing
- Excellent water and oil absorbency
- Rinseable and reusable for extended performance
- Low Lint
- HACCP Certified – Suitable for Use on Food-Contact Surfaces
- Compatible with the freestanding dispenser for the AR110 roll (O5028)

Applications

- Industrial Workshops
- Removing oil, grease and workshop residue
- Absorbing liquid spills quickly and efficiently
- Applying cleaning solutions and solvents
- Polishing stainless steel and glass surfaces
- Cleaning machinery, tools and equipment
- Wiping delicate or finished surfaces
