

BRAMLEY

Electric Hydraulic Pipe Bender

Portable machine designed for general purpose usage.

Suitable for Engineering Shops, Contractors, Plumbers, Farmers, Schools etc.

Electric-Hydraulic Pipe Bender

Model: PB2-E

- Supplied standard with 1/2" to 2" pipe formers.
Lightweight aluminium alloy formers with large angle of arc to support pipe during bending. This results in a bend of superior quality
- Cross section of formers is of "elliptical" form to minimise flattening of bend
- Solid frame fabrication eliminates flexing during bending operation
- Comes with BRAMLEY Electric/Hydraulic Ram fitted for ease of use & speed of operation.
- 15 ton capacity hydraulic cylinder
- Shipping Weight 65kg

Spring return ram,
retracts ram when
bend is complete.

Gravity Diecast
aluminium alloy
formers. Same
specifications with
higher quality finish.

Replacement Pipe Bender Formers

- Lightweight, aluminium alloy formers of "elliptical" design and large angle of arc to achieve superior quality bends
- To replace lost or damaged formers for BRAMLEY and other brands of Pipe Bender
- When using BRAMLEY formers on another brand of pipe bender, ensure distance between rollers is not too close which can cause former damage
- The ram spigot hole on BRAMLEY formers is 38mm. This can be bushed to suit smaller ram diameters
