

BRAMLEY

Electric Hydraulic Pipe Bender

**Portable machine designed for general purpose usage.
Suitable for Engineering Shops, Contractors, Plumbers, Farmers, Schools etc.**

Electric-Hydraulic Pipe Bender

Model: PB2-E

- Supplied standard with 1/2" & 2" pipe formers.
Lightweight aluminium alloy formers with large angle of arc to support pipe during bending. This results in a bend of superior quality
- Cross section of formers is of "elliptical" form to minimise flattening of bend
- Solid frame fabrication eliminates flexing during bending operation
- Comes with BRAMLEY Electric/Hydraulic Ram fitted for ease of use & speed of operation.
- Shipping Weight 65kg
